

February 9, 2012-Holiday Inn Hotel & Suites, Madison

Registration: 8:30
Seminar Begins: 9:00
Lunch (provided): 12:00
Seminar Adjourns: 4:00

This seminar will include the following topics:

- New Frost Free Foundation Design for Manufactured Homes
- Installation Manual Information
- Soils & Slab Design
- Design Elements that affect how the home must be installed
- New OSHA Fall Protection Rules
- Setting Homes for Accessibility & Special Needs
- Federal & State Codes Update

Who should attend?

Dwelling Contractors • Manufactured Home Installers
Retailers/Builders • Repair Technicians and Set-up Crews
Foundation Contractors • Suppliers of materials used in the installation of factory-built homes • Community operators who offer installation services to residents • Home Inspectors • Anyone who would like to become more familiar with home installation

This course has been approved for 6 hours of continuing education credits from the Department of Safety & Professional Services for Manufactured Home Installers, Dwelling Contractor Qualifiers and UDC Construction Inspectors. You must **already** hold this credential(s) to receive this CE credit.

If you are unsure of your license status and how many continuing education hours you need, you can find this information at:
<http://tinyurl.com/37h55hu>

Registration fees include: Course materials, lunch, and course completion certificate.

All individual's names, business names, and addresses must match the information with the Department of Safety & Professional Services for licensing compliance. Future communications on license issues/renewals will be based on registration information that you provide to the Alliance. Therefore, your company may not sponsor independent contractors that are not employees on your payroll.
